Professional Summary

Senior ERP Developer with over 5 years of experience in **Odoo** v12-v18 and **Frappe/ERPNext**. Expert in **Python**, **PostgreSQL**, REST/XML-RPC/JSON-RPC APIs, **Docker**, **CI/CD**, and zero-downtime migrations. Delivered 15+ modules for payroll, accounting, POS, and electronic invoicing. Achieved 100% SII/AEAT compliance, reduced deployment time by 70%, and cut production errors by 30%.

Professional Experience

Senior ERP Developer, Reserva Inc – Spain Sept 2025 – Mar 2026

Technologies: **Odoo** 12, **Python**, **PostgreSQL**, XML-RPC, QWeb, **Docker**, Git.

- Designed and implemented over 10 custom **Odoo** 12 modules based on client specifications, achieving 100% on-time delivery.
- Integrated new features into existing workflows, improving process traceability and reducing undetected errors by 20%.
- Automated approvals, data entry, and report generation, reducing repetitive administrative tasks by 15% for the admin team.

Backend Odoo Developer, idooGROUP Technologies Inc. – Mexico Dec 2024 – Aug 2025

Technologies: **Odoo**, **Python**, REST API, **Docker**, **CI/CD**, Git, **PostgreSQL**, Flutter.

- Developed over 5 REST API integrations between **Odoo** and Flutter mobile applications, enhancing data synchronization accuracy.
- Implemented and maintained **CI/CD** pipelines with **Docker**, reducing deployment time by 70% and production errors by 30%.
- Automated CI processes for multi-service environments, reducing integration setup time by 50% and improving code quality.

Freelance Odoo Developer, Jael Solution – Dominican Republic Sept 2024 – Nov 2024

Technologies: **Odoo** 16/17, **Python**, **PostgreSQL**, QWeb.

- Led full migration of **Odoo** modules from v16 to v17 for the accounting department, ensuring 100% compatibility with Dominican fiscal regulations.
- Performed regression testing and post-migration functional validation, achieving zero data loss and uninterrupted operations.

Freelance Odoo Developer, Soft System – Peru June 2024 – July 2024

Technologies: **Odoo**, **Python**, QWeb, **PostgreSQL**, POS.

- Developed POS features in **Odoo**, improving transaction processing speed by 70% and enhancing user experience.
- Adapted modules to local business processes and generated custom QWeb reports, reducing management reporting time by 30%.

Frappe/ERPNext Developer, Iguana IT – Spain Aug 2023 – May 2024

Technologies: **Frappe/ERPNext**, **Python**, MariaDB/**PostgreSQL**, REST API, XML-RPC, Digital Signature.

- Designed and implemented from scratch the SII (Immediate Information System) invoice submission module in **Frappe/ERPNext**, achieving 100% compliance with Spanish tax regulations.
- Developed sales and automatic tax calculation modules, reducing invoicing processing time by 70%.
- Implemented digital signature generation for fiscal documents, ensuring authenticity and legal validity before the AEAT.

Odoo Developer, Peoplewalking – Spain Jan 2023 – June 2023

Technologies: **Odoo**, **Python**, QWeb, **PostgreSQL**, XML-RPC, EAN-128.

- Researched, designed, and implemented an **Odoo** module for EAN-128 barcode management, delivered within 100% of the planned timeline.
- Maintained and optimized contact management and report generation modules according to evolving client requirements.

Odoo Developer, Desoft VC – Villa Clara, Cuba Nov 2020 – Dec 2022

Technologies: **Odoo**, **Python**, **PostgreSQL**, QWeb, XML-RPC, HR Payroll.

- Designed and implemented an **Odoo** on-call hours module integrated into HR payroll, reducing payroll calculation time by 80%.
- Implemented modules for food cost management, achieving 100% compliance with implementation plans.
- Customized the recruitment module, adapting it to the specific workflows and needs of each client.

Education

University of Computer Sciences (UCI), Computer Science Engineer (5-year program) in Computer Science – Havana, Cuba Aug 2015 – Oct 2020

Computer Science Engineer with a strong foundation in software development, databases, and project management. Focused on building scalable information systems and enterprise applications.

Technical Skills

ERP: Odoo v12, v13, v14, v15, v16, v17, v18; **Frappe/ERPNext**

Languages: Python, JavaScript, XML, SQL

Frameworks & Libraries: Odoo ORM, OWL (**Odoo** Web Library), QWeb, Jinja2

APIs: REST API, XML-RPC, JSON-RPC

Databases: PostgreSQL, MariaDB

DevOps & Cloud: Git, **Docker**, **CI/CD**, Linux, Nginx, **AWS**, **Azure**

Project Management: JIRA, Agile, Scrum, Kanban, Requirements Analysis, Code Review, Technical Documentation, Mentoring

Functional Areas: Payroll, Accounting, POS, Electronic Invoicing, Sales Management, Fiscal Localization (l10n), SII, AEAT, Digital Signature.

Languages

Spanish: Native

English: B1

Certifications

Advanced Odoo for Developers – Desoft VC Nov 2022
